*Notice: The certificate is subject to terms and condition, if any, overleaf. Any significant changes in design or construction of the product, the quality system or
amendments to the Directive or Standards referenced above may render this certificate invalid. The product liability rests with the manufacturer or his representative in
accordance with the Council Directive, as amended.*

If any person suffers loss or damage which is proved to have been caused by any negligent act or omission of Det Norske Veritas, then Det Norske Veritas shall pay compensation to such person for the proved direct loss or damage.
However, the compensation shall not exceed an amount equal to ten times the fee charged for the service in question, provided that the maximum compensation shall never exceed USD 2 million in this provision "Det Norske Veritas" shall
mean the Foundation Det Norske Veritas as well as all its subsidiaries, directors, officers, employees, agents and any other acting on behalf of Det Norske Veritas.

Cert. No.: PED-H-108
Case No.: 951

Appendix I, Rev. No. 0

SCOPE AND CONDITIONS

Products covered by this certificate

DNV has carried out the QS assessment of the Manufacturer's quality system to verify that the relevant requirements relating to the following equipment have been implemented.

<i>Product designation</i>	<i>DNV QS Assessment Report dated</i>
Neo-Dyn, Pressure Switches	19 June 2006
Neo-Dyn, Temperature Switches	19 June 2006

Manufacturer has elected to use Module H. Equipment does not fall into hazard category, but must satisfy the requirements of Annex I according to WPG guidance note 1/5.

Conditions

1. The system approval is only valid for the equipment listed above. For other equipment, an application for extension of the certificate must be sent to the local DNV Office.
2. The local DNV Office must be informed of any sub suppliers for main pressure retaining parts.
3. The manufacturer shall inform the local DNV office of the intended schedule of production for equipment to Category III.
4. Periodical audits and unexpected visits will be held, in order to verify that the Manufacturer duly fulfils the obligations arising out of the approved quality system.
5. The Manufacturer must give information of any intended adjustments of the Quality System to DET NORSKE VERITAS, who will assess the changes and decide if the certificate remains valid.
6. When required by Annex I Section 4.2 and the Pressure Equipment Directive, "Particular Material Appraisal" for equipment of category III must be given by DET NORSK VERITAS AS.

The manufacturer complies with the Council Directive 97/23/EC on Pressure Equipment and is allowed to affix the CE Mark followed by the DNV identification number 0575.
